

ROTARY POTENTIOMETERS

12mm Hollow Shaft Potentiometers

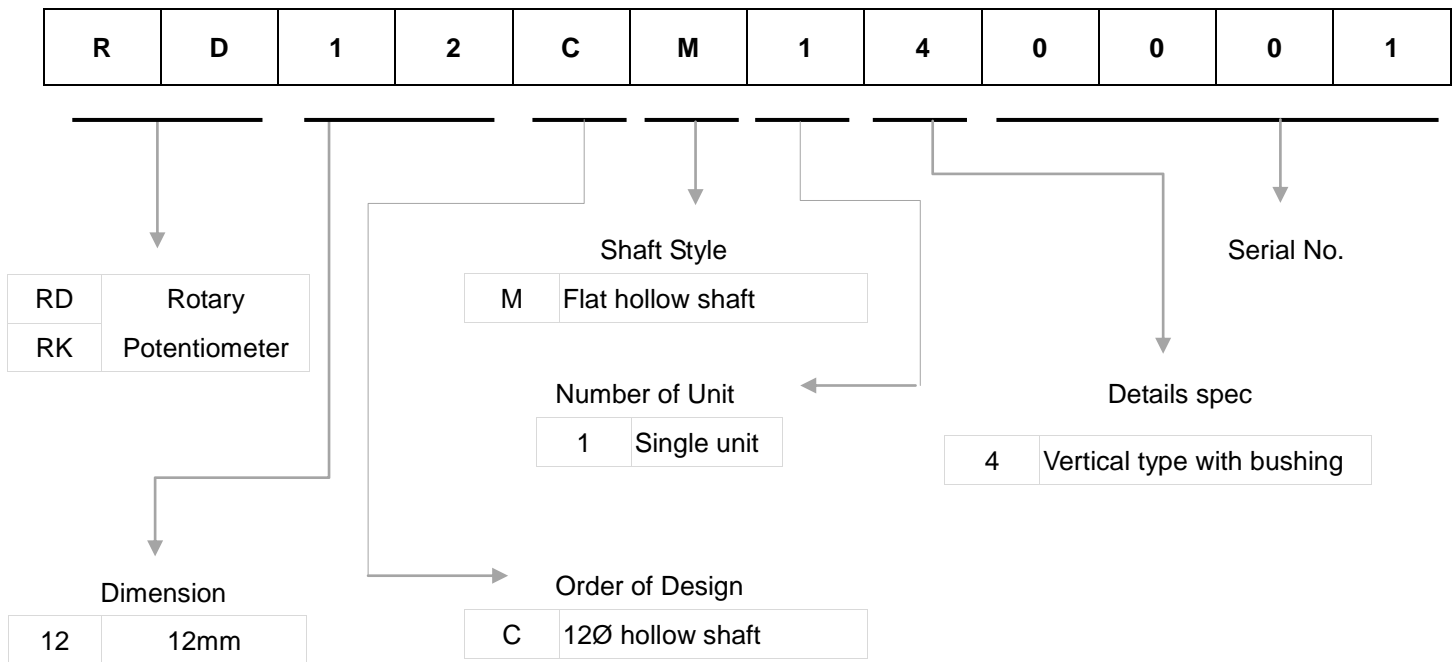

◆ FEATURE

- Hollow on the bottom of shaft ,insert LED is available.
- Outset molding with resin around the resistor prevents flux build-up.

◆ APPLICATIONS

- Dimmer, TV set, radio, stereo equipment etc.

ROTARY POTENTIOMETERS

12mm Hollow Shaft Potentiometers

◆ COMMON SPECIFICATIONS

Characteristics	Specification
Total resistance (KΩ)	5、10、20、50、100、250
Total resistance tolerance	±20%
Resistance taper	A、B、C、D、E、K、W
Rated power	0.05W
Maximum operating	50V AC 10V DC
Total rotational angle	300±5°
Rotational torque	10~100gf.cm
Rotation stopper strength	3Kgf.cm
Rotation life	15,000 cycles
